

WX1000

FEATURES

- Profile:**
- European.
 - Certified to EN:1303:2015, meeting and exceeding this standard.
- Body:**
- Made of extruded brass.
 - Nickel matt or brass finishes available.
- Security systems:**
- Triple anti-bumping protection. Innovative double pin and double spring system.
 - Reinforced anti-snap bar, made of stainless steel and fixed to the cylinder's body with 4 stainless steel bolts.
 - Maximum antidrill protection with pins fitted inside the front of the body and additional anti-drill steel pins inside.
 - Antipick protection.
- Internal elements:**
- 16 active pins, all of them able for master keying, with millions of differs.
- Cam:**
- Available in Standard DIN cam (15 mm) and short cam (13 mm).
- Range:**
- Standard cylinders, half cylinders, cylinders with adjustable axis, thumb turn cylinders, cylinders with adjustable tab for doors with panic bars and cylinders with adjustable cam angle.
- Keys:**
- Security dimple keys. Key profile patented by IFAM (no. 2.061.242).
 - Silver nickel keys with bow over-moulded with high strength ABS resin for a comfortable use.
 - Supplied with 5 keys.
 - Supplied with property card with the CCS (Control Code System) security system. This guarantees a maximum security level, control and traceability of key-duplications.
- Packaging:**
- Boxed.
